Bikers at The Crossing is sending a team to Mozambique Africa in July to help build a permanent kitchen that will be used to feed children and staff at an orphanage operated by Mountain of Praise Church and TCFMercy. It will replace the makeshift one that is destroyed every year during monsoon season in November.

Bikers at "THE CROSSING"

We are asking for your help for us to touch these children's lives in a positive way by providing a permanent place for them to prepare meals for these orphaned children.

We need to raise approximately $20,000 to cover materials to build the kitchen and transportation for the team. Would you please consider helping us and becoming a part of saving lives among the orphaned children in Mozambique. No gift too big no gift too small join with us today to make a difference.
